

## HOME SWEET HOME - Clients Rights & Responsibilities

1. All dogs that are boarded in a Home Sweet Home suite must qualify:

No accidents

No chewing

No marking

Nails must be checked by TNK to make sure they will not scratch the hardwood.

If needed we will do nail trim at arrival for \$10.

2. If the dog happens to have an accident, chew, or mark, TNK will move pet to an available suite or crate. Owner will be notified. Owner will continue to pay the Home Sweet Home rate, unless TNK staff is able to find another guest for remainder of stay.  
(Another client may have been turned away: therefore revenue was lost)
3. Clients will take on a financial replacement obligation of any damage that the guest may do. Any damage will be photographed and estimated by a professional, then billed to client within 7-10 business days.
